Daily Milk Frother Cleaner	Chamber bottle	1L	33.82 fl oz.	20	6	14037	14005

PRODUCT INFORMATION

Usage Directions:

Ensure the white cap is tightly sealed and slightly loosen the blue cap. Gently squeeze the bottle until reservoir measures 50ml, remove the blue lid and pour from reservoir.

Cleaning Milk Frother:

- Add 50ml of Cleaner to 1L of warm water in a cleaning container. Ensure you replace the blue cap and seal tightly after pouring the required dose.
- Insert milk frother suction tube into solution.
- Run entire solution through frother.
- Repeat the above procedure with 1L of clean water to rinse all the components thoroughly.

For enhanced results in hard water areas, use in conjunction with Cafetto Weekly Milk Frother Cleaner once per week.

Do not mix with other chemicals.

Certifications:

Cafetto is Quality Endorsed to ISO9001:2008.
