

INVERSO MILK JUG & CROCKERY CLEANER

SOAK & RINSE!

The unique Inverso formula targets and removes dried on milk residues from stainless steel milk jugs, pitchers and steam wands. Simply soak and wipe away.

BRING MILK JUGS & CROCKERY BACK TO LIFE

Inverso not only restores milk jugs, pitchers and steam wands, it can also be used to clean and de-stain heavily soiled and browned crockery.

NON-HAZARDOUS

In accordance with requirements of the National Occupational Health & Safety Commission, Inverso is a non-hazardous product. Making it safer for staff and customers.

ECONOMICAL

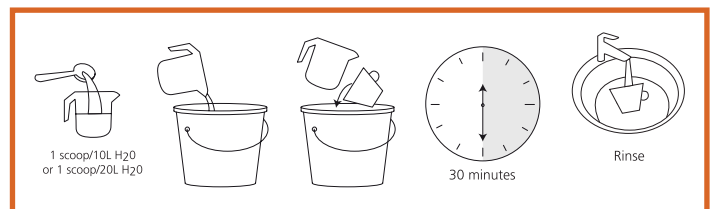

Each Inverso jar provides approximately 200 milk jug cleans and up to 40 crockery restoration applications.

HOW TO USE

- Soak jugs or crockery in sink or bucket using 1 scoop per 10 litres of warm to hot water if soiling is heavy; or 1 scoop per 20 litres if lightly soiled.
- If de-staining only the inside of the jug use 1 heaped teaspoon in hot water.
- Soak for 30 minutes, then rinse with clean water.

If milk jugs have a long term build-up of milk stone residue it may require an initial descale with Cafetto® Restore Descaler or Cafetto® Liquid Organic Descaler.
